C.P4 Tasks - 2

If you build something that doesn’t look like your designs, you could be at risk of losing marks

If necessary, you will need to change your designs

BUT you will also need to change anywhere you reviewed your design, as your original design will now have changed

This is RISKY

C.P4 Tasks - 2 continued

The key thing is to **KEEP IT SIMPLE**

HTML and CSS can get very complicated very quickly

With CSS, your layouts can change instantly

It can become very difficult to track down and fix layout issues
